

ESTANDON

DEPUIS 1947

A true institution of the wine department, Estandon remains an essential reference of rosé de Provence: a pale color, a fine nose, a balance of aromas subtle in the mouth, and especially an invitation to the pleasure that we like to share with friends over an aperitif but also throughout the meal. Faithful and immovable, Estandon reassures by its quality and style, delivered intact, vintage after vintage, and by its eternal promise.
