

ESTANDON

R E F L E T

Estandon Reflet's Burgundy bottle, with its modern punt and almond green packaging, invites drinkers to explore a terroir: the "Provence Verte", where olive trees line the terraced vineyards and the rivers flow gently by, where the rosé reveals itself in many reflections.

This terroir lies in the tiny Coteaux Varois en Provence appellation which produces fine, delicate wines. The grapes that go into Estandon Reflet are carefully selected to offer the experimental or experienced drinker a lovely balance of freshness and silkiness.
